Hey guys here we have another awesome animated screensaver for all of you This screensaver has beautiful nature theme with time count down. With time counting down, your computer will be noticing a slight wintry feel to it. You can also mute the sounds for the screensaver if you want. Time counting and snowy winter visuals: The winter theme is represented in the form of beautiful snowy winterscape. Like a scene from a post-apocalyptic film, you can see the big snowflakes falling on the white background, which adds to the whole wintry feel and atmosphere. In fact, this scene would lend itself very well to the apps like Deep Snowfall Screensaver, which certainly gives the New Year feeling to the screensaver. Automatically at midnight: However, this app is not simply about giving the New Year with you, but also something that happens at midnight, which by its own nature implies something special and magical. What you need to do is to turn on the app, check the remaining months, days, hours, minutes, and seconds to see how much of 2016 is left. The countdown is completed as soon as you set the date on December 31, 2016. Conclusion: Clearly, Digital Countdown Screensaver is a great screensaver to give the New Year a big boost and celebrate the end of 2016 right at its opening. With a wintry theme and remaining time counting down, you will definitely get all the motivation and inspiration you need.
