About This Game

Were you a teen in the late 90s? If you didn't play HeadRush back then, now's the perfect time! Tons of trivia about the teen-y topics of the day await your now-aging brain and fingers!

Forget everything you know about a YOU DON'T KNOW JACK game because YDKJ's horribly deformed, mutant offspring HEADRUSH has been birthed! Twisted animation, insane question types, and a bizarre appetite for all human excretory fluids and gassed add up to the most over-the-top YDKJ game ever! Fire this game up and stand back, because this is not your Mommy and Daddy's YOU DON'T KNOW JACK!

Classic "Jack" and though campy, though somewhat expected, it is challenging, funny and entertaining all at once. That is what "YDKJ" is all about!. IT WON'T CLOSE HELP ME. Out of all the games in the YDKJ Classic Pack, this game is the best. Yes, the Jack Attack is called the Head Rush for no reason, and the screws are replaced with Chatters, but the questions are fun to answer. Get it now. You'll love it.. Why did I buy this?. If you romanticize the 90's, this game is about as 90's as you can get. It's full of bizarre, grotesque imagery from the days when toy and cartoon manufacturers were somehow convinced kids loved gross out stuff (we didn't), and the trivia's kind of on the easy side, considering it's made for teenagers of the day. But, it's fun and well made, I like it. It really does perfectly encapsulate the aesthetics of stuff made for kids growing up in the 90's.

Also, this game is completely incompatible with Steam controllers. If you have a living room setup, I hope you have a wireless keyboard.. Love this game!. The YDKJ for the kids. I don't like the animations or avatars. Still classic humor.. Contains some avatars and animation since the first game, but the jingles are gone :(
Not bad. Still very US-centric. Still 800x600.

Got a high score of -26k. 11/10 would play again. Graphics are poor, questions too challenging. Overall disappointing game.. Okay, you got me. I do not know Jack Headrush.. Not originally labelled as a You Don't Know Jack game, Head Rush was meant for a younger audience. The questions are much more simple than regular YDKJ games (which planet is closest to the sun? REALLY?), but you've still got a basic YDKJ game here, \u2665\u2665\u2665\u2665\u2665\u2665jokes and all. Play this one with people who are really bad at trivia. At least they can say "man, I knew that one!". The one jack game i'd say that has the most.. custom effort put within it. While it dosen't have our god cookie masterson, the humor is top notch and there's a bunch of custom cutscenes and sequences that make this really genuine, and a time capsule. Even with that said, most questions aren't terribly out of date, which makes me conflicted between marking this or volume 4 as my favorite of the 90's jack games.
